Bureau of Justice Assistance

Capital Litigation Initiative:
Crime Scene to Courtroom Forensics Training

**Webinar #15: Electronic Evidence Essentials – Part II:
Data, Information, and Knowledge**

Learning Objectives

After viewing this webinar, you will be able to:

- Define the terms digital evidence and digital forensics
- List the four domains of forensic practice
- Discuss the correlation between strength of evidence and strength of hypothesis
- Summarize how digital forensics differs from other forensic science disciplines
- Describe the digital forensics process
- Discuss the significance of knowledge management as part of the digital forensics process
- Contrast the digital forensics process with traditional forensic evidence collection, analysis and evaluation methods
- Citing specific examples, explain the impact of new and emerging technologies on the discipline of digital forensics.
